## 2011 High School Fall Wood Bat Program

The **RIPTIDE Developmental Baseball Program** again looks forward to our Fall Baseball Wood Bat Program for high school level players. This substantive program offers a balanced combination of games and tournament play using wood bats. Our 2011 fall wood bat program consists of weekend doubleheaders every Sunday beginning September 11th for seven consecutive weeks through October 23rd, then concludes with our participation in a weekend Triple Crown Sports Halloween Wood Bat Tournament in N. Branford, CT the weekend of October 29th-30th. Sunday doubleheaders will take place at Coady Field, the Bourne High School baseball field at 9:00 A.M. on Sundays with practices at the same field during the week. At the conclusion of each game, our experienced knowledgeable coaching staff of Steve Almonte, talented Hitting Instructor Jesse Anderson and Sturgis H.S. and Riptide Coach Emmons Levine will bring the group together to dissect previous game situations in a wrap-up skull session.

This program is committed to the individual development of each player. Roster size is kept to a minimum and playing time is divided equally with a continuous batting order and every effort is made for each pitcher to throw each week.

Participation includes a seven-week Sunday game schedule, a numbered game t-shirt and hat and the team's tournament entry fees and expenses. Players are responsible for providing their own gray uniform pants and travel expenses and lodging at the tournament.

**COST \$300**
