# RIPTIDE Developmental Baseball Program

## 2010 High School Fall Wood Bat Program

The **RIPTIDE Developmental Baseball Program** again looks forward to our Fall Baseball Wood Bat Program for high school level players. This substantive program offers a balanced combination of games, practice and tournament play using wood bats. Each week on Sunday beginning September 12th for six consecutive weeks through October 17th, we will play a 7-inning doubleheader in the morning from 9:00am-1:00pm, at the Westwood High School baseball field in Westwood. At the conclusion of each game, our talented coaching staff will bring the group together to dissect previous game situations along with observed common hitting faults in a wrap-up skull session. The program will conclude with our participation in a weekend Triple Crown Sports Halloween Wood Bat Tournament in N. Branford, CT the weekend of October 30th-31st.

This program is committed to the individual development of each player. Roster size is kept to a minimum, playing time is divided equally with a continuous batting order and every effort is made for each pitcher to throw at least one inning each week as they are charted w/radar.

THIS PROGRAM HAS SOLD OUT EVERY YEAR. Participation includes a six-week Sunday game schedule, a numbered game t-shirt and hat and the team's tournament entry fees. Players are responsible for providing their own gray uniform pants and travel expenses and lodging at the tournament.

**COST \$300**
